Column Table Lamp

What makes for an ideal table lamp? At MENU, we believe it's a design's ability to make instant visual impact and tell a story – paired with a subtlety that makes the lamp an equal, collaborative partner in defining the overall room ambience. It should incorporate the latest technology – yet also have an organic, natural dimension that conceals technical elements and contributes sculpturally. We're pleased to introduce a new, portable table lamp design that does all this, and more.

Inspired by the bollards onboard ships, the new Column Table Lamp from Norm Architects combines technology and mood-setting style in a striking mushroom shape with modern edge and a natural feel. It's a design that embodies freedom. Freedom of form in its bold, cylindrical elements. Freedom of light in its dimmable LED bulb. And, perhaps most importantly, freedom of movement, as the cordless Column Lamp can go wherever you do.

Sprinkle them throughout the office to bring a warm, relaxed ambience to counteract the standard fast pace. Set it down on the lounge coffee table or on the terrace as you enjoy post-dinner conversation or drinks. Use them in the lobbies of hotels or restaurants to draw people in – and swap out the standard table candles with something sturdier and more conversation-worthy. Lightweight and durable, with a beautiful finish, it's a design you'll want to try out in all your favourite spots.

The Column Lamp's warm, comfortable light makes any space more inviting, and fits into every décor, from the classic to the ultra-minimalist. The indoor table lamp is constructed from anodised aluminium. It is cordless and rechargeable via a USB charger. The LED lightbulb produces soft, diffused, comfortable light with three settings. The design is available in a bronze finish.

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with MENU, helping to drive the evolution of the brand and its product offerings.

Norm Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce design that unites good materials and craftsmanship, while embodying beauty, traditions, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.

Product Type

Table Lamp

Environment

Indoor

Dimensions (cm / in)

H: 17,5 cm / 6,9"

Ø: 12 cm / 4,7"

Colours

Bronze

Column Table Lamp

Technical Specifications

Production Process

Deep Drawn Aluminum

Materials

Anodized Aluminum, LED, ABS

Weight item (kg)

0,6 kg

Voltage (V)

220V (Plug: 5 V)

Light Source & Energy Efficiency Class

LED 3,2 watt, A

Light Specification

120 lumen

2700 Kelvin

Ra > 80

Dimmer

No.

Cord Material and Colour

Black PVC Mirco Spin Cord (For Charging)

Cord Length (cm / in)

70 cm / 27,6"

Classification

CE and IP20

Certifications

EMC: EN 62493:2010 / EN 55015:2013 /
EN61547:2009 / EN62471:2008

Packaging Type

Giftbox

Packaging Measurement (H * W * D)

23,5 cm * 17,5 cm * 17,5 cm

Care Instructions

Use a soft dry cloth to clean. Do not use any
cleaners with chemicals or harsh abrasives.
